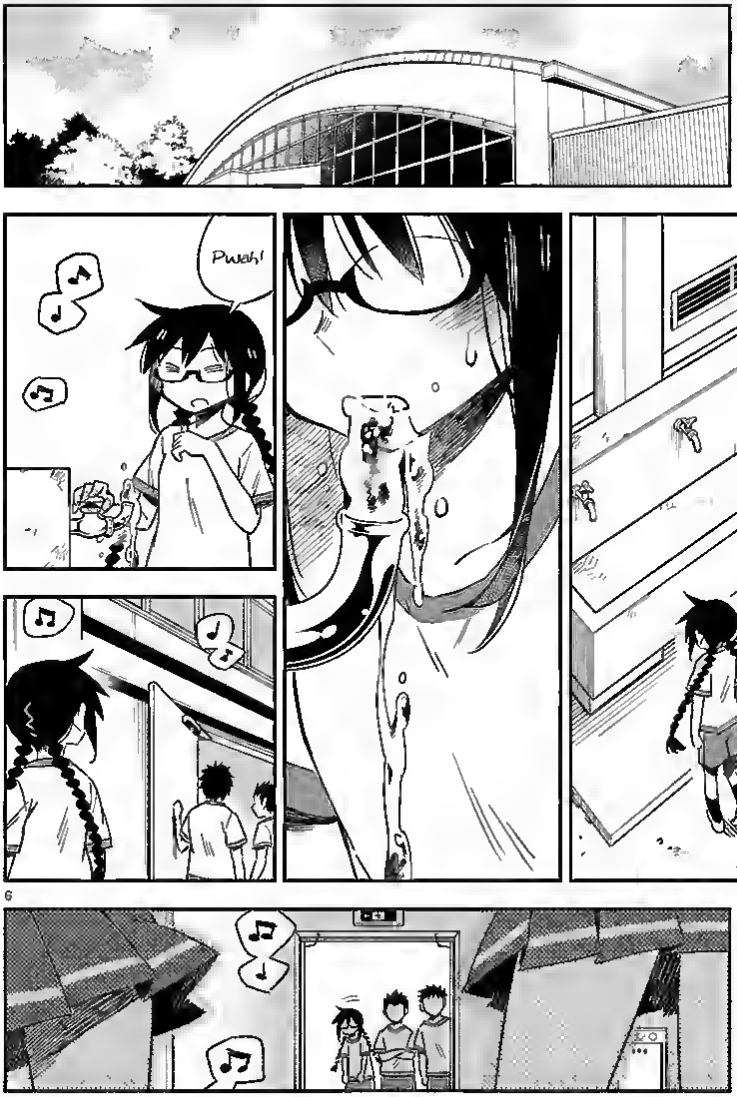
Wow! Class Rep, you're so fast!
That's your best time yet!
We should be able to take first place in our year in the relay at this rate!
Let's go for it!



Pwah!

Hey!
Since when was there a girl like that in first year?
She's pretty cute, right? And her breasts are huuge!
That one with the hair tied up

Well, I still like Enomoto, from our grade, better
You like a little bossiness with your beauty, huh?

C'mon, stop spacing out! We're practicing!
What's going on here?
I thought we were calling it a day?
...ck?

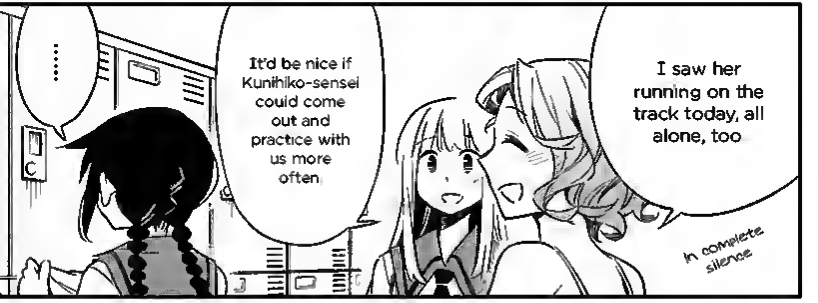
I mean, in the past, you were absent pretty often, and you'd always get out of having to go to PE.
Ah, now that you mention it!
...
Huh?

Kazumiya-san,
you've really been working hard to prepare for the athletics meet, haven't you?



.....
It'd be nice if Kunihiko-sensei could come out and practice with us more often.
I saw her running on the track today, all alone, too
In complete silence

STEP
.....

You guys sure have it easy.
being able to spare so much concern for other people.

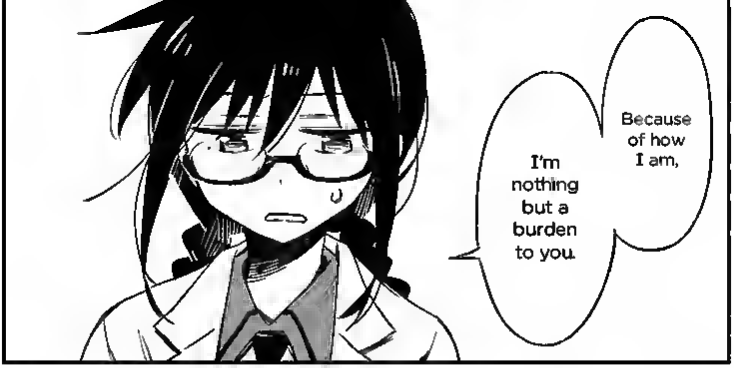
I wasn't feeling very hungry, so I thought I'd put my waders on and...
Buying bread at the school store, huh?
CHATTER
CHATTER
Huh? Come on now. Just recently, you were trying to put away your food without finishing it, too...
Oh, Kazumiya
Lemon Tea
Lemon Tea

I'm just concerned about your health, that's all

..Sensei, you really do act like an old grandma sometimes.
Especially after exercising, a good balance of protein and vegetables is essential to...
That's not good for you You need to eat proper meals with good nutritional balance
Wait, haven't I told you this before?
E-excuse me?!

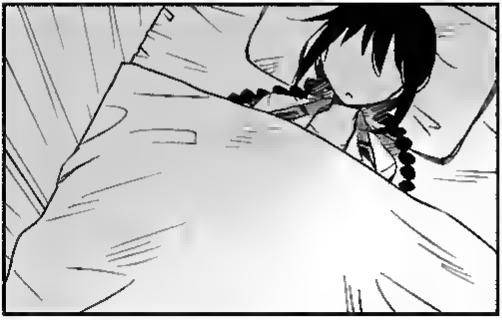
Enomoto and Kunihara have been working hard lately, and I heard from them that you're working just as hard
...Thanks, I guess

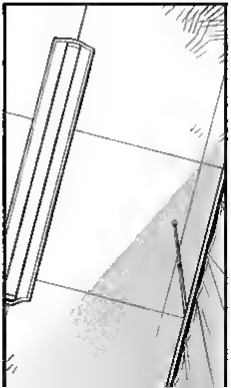
...I know that better than anyone
But you don't usually exercise all that often, right?
You might end up wearing yourself out more than you realize Make sure not to push yourself too hard...
Just be careful!
CHATTER
CHATTER



Because of how I am,
I'm nothing but a burden to you.

I know that all too..
..well..





Is that right?... Well I'm glad it was nothing serious...
I'd say it's nothing more than a bit of anemia.
Oh no, Kunihiko-sensei, you did well.
...I'm sorry. I failed to look after her properly.
HIDE
...Okay-ish.
SLIDE
...Hey Kazumiya How are you feeling?
Of course Just keep your voice down.
Is it alright if I talk to her for a bit?
13
Like I said, you've gotta watch your nutritional intake.
That's good to hear

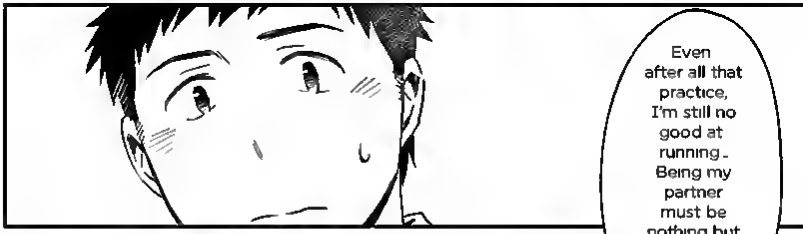
About our athletics meet practice
Pushing yourself so hard that you collapse is, I think, missing the point.
There's a deeper significance to participating in these kinds of events

If things aren't going well, then it's my fault for not doing enough to match your rhythm
You just go your own pace, and-..
So, in the end,
doesn't that mean I really am holding you back?

I can't run fast, and I'm anything but glam-orous
I mean, I'm not like the others.
Sorry!
Ah.
No, that's not what I really meant by it.

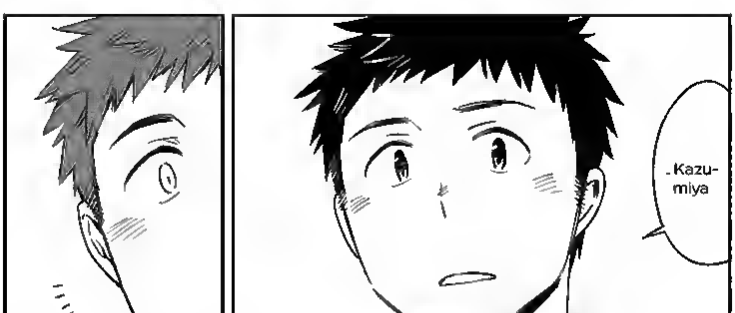


Even after all that practice, I'm still no good at running. Being my partner must be nothing but trouble, just a huge pain in the ass.

But..
But...

I still want to come in first place
with you, Sensei!

"Wow!" when you see me..
E- even I want..
You to say..

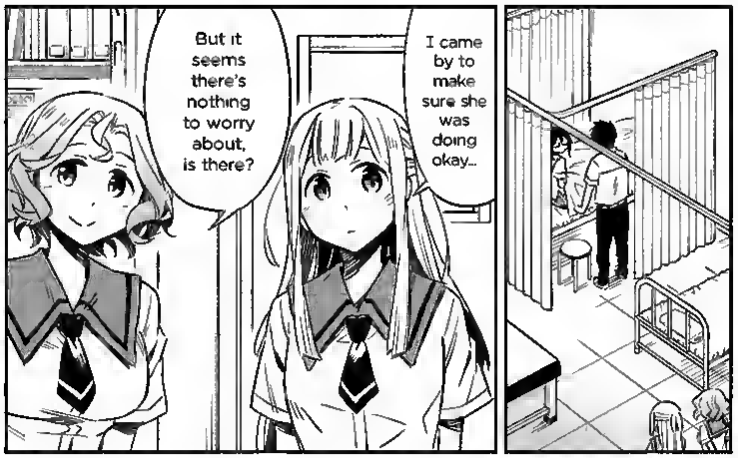


Kazu-
miya

I-I
see!
Got it!
COUGH!

GW
AH!
Kazu-
miya

Okay, Let's take first place
Together!



But it seems there's nothing to worry about, is there?
I came by to make sure she was doing okay...

Do it just like we practiced, and we'll be fine.
..Yeah.
Ah.
NEXT UP, IT'S THE MIXED-GENDER THREE-LEGGED RELAY RACE, WITH HOMEROOM TEACHERS PARTICIPATING.

Well, at least he managed to break Kazumiya-san's fall, right?
That'll have to be a point deduction.
Who would have thought Senser would trip and come in last place.

Again, I'm sorry...
Now you owe me one.
Okay...
Ah, if only you hadn't fallen, we would've gotten first place!

After all, we were in the lead until the end.
Then again, seeing Sensei this helpless has its own charm...
